

NOVARISE TRADING & CONTRACTING

Engineering the Kingdom's Future.

Company Profile · 2025 Edition

ABOUT NOVARISE

A trusted Saudi partner for industrial megaprojects.

NOVARISE Trading and Contracting Company is a Riyadh-headquartered firm delivering integrated manpower, equipment, and contracting solutions to the Kingdom's most ambitious industrial programs. From Saudi Aramco refineries and SABIC plants to Vision 2030 giga-projects, we mobilise certified crews, owned fleet, and engineered solutions with uncompromising HSE standards.

MISSION & VISION

Built around the Kingdom's industrial ambition.

Mission

To deliver world-class manpower, equipment, and contracting services that exceed the expectations of the Kingdom's leading EPCs, owners, and operators — safely, reliably, and on schedule.

Vision

To be Saudi Arabia's most trusted industrial partner, accelerating Vision 2030 through skilled people, modern fleet, and engineering excellence.

CAPABILITIES**Six pillars. One trusted partner.****Civil Construction**

Industrial civil works, foundations, structural steel, plant expansion, turnkey contracting.

Power & Electrical

MV/LV installations, substations, plant electrical, instrumentation and commissioning support.

Equipment Rental

Owned fleet of cranes, loaders, generators, manlifts and specialty industrial equipment.

Manpower Supply

Certified welders, fitters, scaffolders, electricians, operators — Aramco/SABIC-approved pools.

IT & Digital

Site connectivity, surveillance, ERP rollouts and project digital twins for industrial clients.

Materials Trading

Pipes, fittings, valves, fasteners and consumables — sourced and delivered to spec.

CLIENTS & SECTORS**Trusted across the Kingdom's most demanding industries.**

Oil & Gas · Petrochemicals · Power & Utilities · Infrastructure · Mining & Metals

Selected end-clients and partners include Saudi Aramco, SABIC, Ma'aden, Saudi Electricity Company, and leading regional EPCs operating across Jubail, Yanbu, Ras Al-Khair, NEOM and the Eastern Province industrial corridor.

HSE & COMPLIANCE

Safety is non-negotiable.

NOVARISE operates under a documented HSE management system aligned with Aramco GI's and OSHA practices. Every crew mobilised to site is medically fit, PPE-equipped, and trained on client-specific safety inductions. We track leading and lagging indicators across every project.
